INVITATION

Saab–Poland Industry Partnership Day

Poland and Sweden share responsibility for protecting the Baltic Sea. Saab has maintained a strong relationship with Poland for more than 20 years and is a trusted partner of the Polish Ministry of Defence. Cooperation with industry is part of Saab's DNA, and we remain committed to strengthening our presence and partnerships in Poland. Industrial collaboration and dialogue with Polish partners continue to expand, reflecting our shared ambition for deeper cooperation at both governmental and industrial levels.

We warmly invite you to join the event and networking session, where Saab representatives will be available for individual B2B conversations with companies interested in cooperation.
